## 300 Italian Planes Lash At British Fleet

### ROME REPORTS ACKNOWLEDGE SOME LOSSES

But Italian and English Dispatches on Damage to Ships Differ Widely.

By The Associated Press  
The controversial "ship vs. plane" debate was cast today by Gen. Francesco Saverio Nitti, Italian air chief, that the Italian navy engaged in the Mediterranean. The Italian navy acknowledged that a large part of the Italian fleet was damaged by the attack force returned to the sea and with wounded crew members. Three Italian ships were lost.

### FINAL OK NEAR ON HATCH BILL

House Passes Measure To Limit Political Activity of Federal Employees.

WASHINGTON, July 11.—Overwhelming passage of the Hatch anti-politics bill assured today its early final enactment, as the Senate had only to agree to minor amendments before sending the legislation to President Roosevelt.

Both the Chief executive and Wendell Willkie, Republican presidential nominee, have endorsed the measure. It bars political activity by state, county and municipal workers paid in part with federal funds, limits campaign contributions to \$5,000 a person and places a \$3,000,000 top on the expenditures of political committees.

House Acts Quickly  
With the potent backing of the two party heads, the bill went through the House in less than two days, although in the spring it had been a major controversy.

Democrats for: Cresser, Harter, Hunter, Kirwan, Polk and Secrest.

Republicans for: Bender, Bolton, Brown, Cleveland, Elston, Hess, Jenkins, Jones, Lewis, McGregor, Marshall, Routhjohn, Seccombe, Smith and Vorys.

Democrats against: Claypool.  
The legislation supplements the Hatch law, enacted last year, forbidding political activity by most federal employees. This year, forbidding political activity by most federal employees. This year's bill covers many state highway department workers, agricultural agents and the like. All workers affected by the two measures may continue to vote but cannot participate in political campaigns or management.

Dismissal for Violators  
Violators will be subject to dismissal. State and local agencies which do not dismiss violators will be liable to a penalty equal to the accused employee's compensation for two years. Such cases are subject to review by federal courts, but the House struck out a judiciary committee amendment which would have permitted trial by jury.

Although the bill in general limits national campaign contributions by individuals and organizations, including business concerns, to \$5,000 a year, state and local party committees were exempted from this provision under a last minute amendment. Firms under contract or seeking a contract, to be financed in any part with federal funds, are denied the right to make any political contributions.

### Germany Claims Planes and Subs Take Heavy Toll of British Ships

By The Associated Press  
BERLIN, July 11.—Destruction of British shipping at a rate far in excess of Britain's average losses in the World war's unrestricted, "sink on sight" submarine campaign was reported today by the German high command.

In six weeks ending July 8, the high command announced, 609,000 registered tons of "enemy commercial shipping" were sunk by submarine action alone.

This may be compared to the average of 250,000 tons lost monthly by the United Kingdom by all action in the 21-month unrestricted World war campaign which Germany launched in February of 1917.

The reported rate of destruction against Britain in the present war already equals the fiercest period of the unrestricted campaign—the early months of 1917—when the British Isles at one time are said to have had only a three-week supply of food.

Thus, Germans declare that their submarine warfare is turning into a starvation blockade of the British Isles. The 609,000 tons cited in today's communique excludes the tonnage sent to the bottom by air attack.

Air raids on shipping on the present large scale were unknown in the World war. Only four British ships are listed as sunk by World war aircraft.

Submarines claimed almost nine-tenths of British ships sunk in the World war and the guns of surface raiders and mines virtually all the remainder.

The high command declared that German submarines are averaging more than 100,000 tons of shipping weekly in their forays and the authoritative commentary Dienst Aus Deutschland asserted that 3,000,000 tons of neutral and enemy shipping had been sunk by the German navy alone, exclusive of aircraft sinkings.

(The British, who lost 7,830,765 tons in the whole World war, have acknowledged losses in the present conflict which total nearly 1,000,000 tons.)

LONDON, July 11.—Britain will continue to sail in spite of German efforts to blockade her with submarines and bombers, R. S. Hudson, minister of agriculture, told the House of Commons today.

"We shall have maintained our milk supply and our cattle and sheep populations," he said, "and we have both a reserve of meat on the hoof and a large additional store of cereals in stocks and barns whatever emergency arises this winter."

### SEARCH ON FOR MARION MAN

Filling Station Operator Missing, Feared Victim of Amnesia.

Officials today are conducting a widespread search for a Marion business man, believed to be a victim of amnesia, who has been missing since early yesterday.

He is Robert E. Parish, 34, of 384 Lee street, proprietor of the Parish Sinclair filling station at 440 West Center street.

Members of the family enlisted the aid of police and the sheriff's department yesterday afternoon after they discovered that Mr. Parish failed to open his filling station yesterday morning.

His car was found parked in front of the station and it was key to the auto and the station, police reported today.

Suffered Head Pains  
Belief that Mr. Parish might be a victim of amnesia, an ailment causing a complete loss of memory, was expressed by officials after members of the family reported he suffered head injuries in a fall from a hay mow four years ago and since then has frequently complained of severe headaches.

Tuesday night he had an attack of sharp head pains and upon the insistence of the family agreed to consult a physician yesterday, officials were told. He arose shortly after 5 o'clock yesterday morning and left for the filling station, telling the family that he felt better. However, he refused to eat any breakfast, stating that he wasn't hungry, officials were told.

At Restaurant  
Employees of a West Center street restaurant reported that he ate breakfast there about 6 a. m.

A description of Mr. Parish and a report that he might be suffering from amnesia were sent out over the statewide police radio set last night. Mr. Parish is 34 years old, five feet, six inches tall, weighs 140 pounds and has blue eyes and thin grey hair.

When last seen he was wearing a grey shirt and brown trousers, members of the family reported.

CONGRESSMAN SMITH TO BROADCAST TONIGHT  
Tonight's radio broadcast by Congressman Frederick C. Smith of Marion may be heard at 10:15 over stations on the red network of the National Broadcasting system. Congressman Smith will deliver a 15-minute address on "Compulsory Military Training—For What?" The talk will originate in Washington D. C., and may be heard through the following Ohio stations, WTAM in Cleveland, WSAI in Cincinnati, WSPD in Toledo, WCOL in Columbus, WHIX in Zanesville and WING in Dayton.

### German Bombers Continue Raids On English Towns

By The Associated Press  
LONDON, July 11.—Germany's bombers, in unrelenting raids, blasted England from coast to coast with bombs today and turned machineguns on civilians in the streets of towns, but England's defenses took a steady toll.

The government reported "a few" deaths.

At least 12 German raiders were reported shot down—including three in the southwest, five from one south coast port—by British fighters and coordinated anti-aircraft fire which kept the attackers high in the sky.

British warplanes, striking again at Italy, were reported by the admiralty to have sunk an Italian destroyer and a depot or store ship in a Sicilian harbor.

In a southeastern English town a German raider killed two persons, but British fighting planes chased the plane out to sea and were believed to have shot it down.

The British ministry of home security issued a communique saying: "Slight damage of no military importance was caused."

Enemy planes were reported over the southwest district also and in the southeastern town where two deaths were reported it was said a Nazi invader machine-gunned civilians and a fire engine crew in a street and bombed and machine-gunned cattle in a marsh.

The British said that German losses during three weeks of air raiding against the British Isles totaled at least 75 planes, plus about the same number damaged and possibly forced down before reaching home. The total of German raiders shot down since the war started was placed at 147, and this week's figure at 38.

KNOX TAKES OATH TODAY AS SECRETARY OF NAVY  
By The Associated Press  
WASHINGTON, July 11.—Col. Frank Knox took the oath of office as secretary of the navy at the White House today and left immediately for his department to take over.

His one comment to reporters was that "this is a working job—not a talking job."

At the same time Henry L. Stimson, like Knox a Republican, went to work as secretary of war for the second time in nearly 30 years. Stimson took his oath yesterday.

Knox received the support of Sen. Robert A. Taft (R-Ohio) although Taft previously voted against the confirmation of Stimson. Sen. Vic Donahay (D-Ohio) was not listed as voting.

Criticism Scattered  
Although President Roosevelt's new preparedness request would boost the present program above the \$100,000,000 level, only scattered criticism appeared in congressional comment.

A few legislators expressed doubt that the additional money and authorizations could be utilized immediately in view of the existing arms backlog. Senator Frazier (R-ND) said the recommendation sounded as if it were "for a foreign war, rather than national defense."

Mr. Roosevelt, in his message, divided his request into \$2,131,441,057 cash and \$2,886,750,000 contract appropriations.

The objectives, he said, were five-fold:

1. To carry forward construction of a fleet equal to any possible hostile combination.

2. To provide equipment for an army of 1,200,000 men.

3. To build up a reserve of tanks, artillery, ammunition for another 800,000 troops, if they should be needed.

4. To gear industrial resources not only to produce defense items now on schedule, but also to supply an army of 2,000,000, if necessary.

5. To procure 15,000 more planes for the army, and 4,000 more for the navy.

The first point listed by Mr. Roosevelt was to build up a reserve of tanks, artillery, ammunition for another 800,000 troops, if they should be needed.

### RFC TO HELP PLANTS EXPAND THEIR OUTPUT

Army To Get Biggest Share of New Ships; Engine Laboratory Planned.

WASHINGTON, July 11.—The national advisory defense commission announced today that it had placed orders totaling \$100,000,000 with airplane manufacturing companies for 25,000 airplanes for the army and navy.

Dr. George J. Mead, aeronautical adviser to the commission, stated at a press conference that since July 1, the army and navy had been working closely with industrial representatives and that the Reconstruction Finance corporation had joined in the aircraft development program by agreeing to lend funds to industrial companies to finance necessary expansion of plant facilities.

In addition, he said, the National Advisory Committee for Aeronautics recently received \$8,400,000 through a presidential order for the building of an engine research laboratory, probably at Langley Field, Va.

The army and navy have pooled their technical work and agreed on joint standards for engines, propellers, designs and other details in order to facilitate the program.

Approximately 25 per cent of the planes to be built will be for the navy, the remainder being army bombers, pursuit and reconnaissance planes.

Airplane manufacturers have been asked to re-quote prices on the basis of the new quantities of airplanes to be manufactured, Dr. Mead declared.

Congress Rallies To Provide Funds  
WASHINGTON, July 11.—Congress, rallying to a call for "total defense," manifested a general readiness today to approve President Roosevelt's request for another \$4,848,171,057 to advance the preparedness program.

Promises of support for the huge recommendation were coupled with widespread applause for the Chief Executive's pledge that no American troops would be sent to fight in Old World wars.

His latest extraordinary defense message—the third in less than two months—went to Capitol Hill yesterday afternoon within a few hours of two other major developments.

The senate first voted 66 to 14 to confirm Col. Frank Knox as secretary of the navy and then with dispatch rushed through the house-approved bill authorizing a \$4,800,000,000 expansion of the fleet to "two-ocean" proportions.

Knox's confirmation followed by 24 hours the approval of a fellow Republican, Henry L. Stimson, as secretary of war. Stimson was sworn in yesterday.

Knox received the support of Sen. Robert A. Taft (R-Ohio) although Taft previously voted against the confirmation of Stimson. Sen. Vic Donahay (D-Ohio) was not listed as voting.

That Thyroid Gland

The THYROID gland in the neck is one of the four most important glands of internal secretion. It works along in conjunction with the other three—the pituitary, the adrenals and the pancreas.

An enlargement of the thyroid gland, usually means that there is an increased secretion and when the gland atrophies we think of a decreased secretion which in an advanced form leads to a condition known as myxedema. However, there are many minor forms of thyroid deficiency not serious enough to be called myxedema.

It is often thought that a lack of thyroid secretion produces obesity, overweight and a phlegmatic mental state, but in the minor forms quite the opposite is true. Obesity is the result of lack of thyroid secretion and most of these patients are quite definitely underweight. Instead of being phlegmatic a great many of these minor forms of thyroid deficiency are nervous, they had often been diagnosed as neurasthenia or hysteria by other physicians and quite frequently been given sedatives.

Dry skin and hair, mental and physical sluggishness, constipation, muscle aches and pains, headaches, a beating heart, face of a lead, and a general feeling of development, are all signs of the thyroid gland. The gland is a small, butterfly-shaped organ, located in the neck, and is given by the thyroid gland.

# Ohio Farms Earn June Still Month \$375,981,000 U. S. Of Brides as 55 Reports Reveal Couples Marry

**By The Associated Press**  
WASHINGTON, July 11.—On Ohio farms, gross income last year was \$375,981,000, an increase of \$8,800,000 over 1935.

The total for 1935 and 1937 were \$370,810,000 and \$422,497,000, respectively.

Dairying apparently is the best source of income for Buckeye farmers, agriculture department reports indicated today. They grossed \$77,224,000 from dairy products in 1935, \$83,418,000 in 1936, and \$93,081,000 in 1937.

Hogs and pork were the next best source of income, with \$25,000,000 in 1935, \$29,729,000 in 1936, and \$32,979,000 in 1937.

Cattle, calves, beef and veal, and sheep and lamb were next, with \$42,495,000 in 1935, \$42,000,000 in 1936, and \$42,143,000 in 1937.

Egg figures were \$31,429,000 in 1935, \$34,510,000 in 1936, and \$34,510,000 in 1937.

Wool, minor in the state as a whole, but important in some areas, grossed \$4,333,000 in 1935, \$3,373,000 in 1936, and \$4,422,000 in 1937.

Sheep and lamb figures were \$7,970,000 in 1935, \$8,984,000 in 1936, and \$9,168,000 in 1937.

Corn, the state's largest crop, grossed \$12,601,000 in 1935, \$19,251,000 in 1936, and \$21,456,000 in 1937.

Timothy and other hay grossed \$7,425,000 in 1935, \$8,114,000 in 1936, and \$8,475,000 in 1937.

Other crops, including wheat, oats, and soybeans, grossed \$107,318,000 in 1935, \$124,126,000 in 1936, and \$129,137,000 in 1937.

The total gross income for Ohio farms in 1935 was \$375,981,000, in 1936 \$384,781,000, and in 1937 \$422,497,000.

The average gross income per acre for Ohio farms in 1935 was \$12.30, in 1936 \$13.30, and in 1937 \$14.30.

The average gross income per acre for Ohio farms in 1935 was \$12.30, in 1936 \$13.30, and in 1937 \$14.30.

**PROGRESSIVE GRANGERS HAVE GUEST PROGRAM**

Boiling Green grange was in charge of a program at a meeting of Progressive Grange Tuesday night. Readings were given by Marilyn Little, Frank Wilson and J. V. Freshour, and a play was given by Miss Della Owens and Dorothy Burroughs. Compacting the program were an accordion number by Miss Ella Heller, piano by Ed and Doris Burroughs, play by Mrs. T. and M. J. G. and a play by Mrs. T. and M. J. G.

Chorus Huba and Irvin H. and a vocal solo by Raymond V. and Group singing opened the program and there was music by a young people's group. The chorus was directed by Mrs. L. Roy Epley who died recently. Announcement was made of a picnic to be held by Progressive Grange Sunday at the John Rette or grove.

# HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those suffering, sagging, painful backache people blame on rolls of straw are often caused by tired backs—may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisons waste out of the blood. They help most people pass about 2 pints a day.

If the 15 tubes of kidney tubes and filters don't work well, poisons waste matter stays in the blood. These poisons may start nagging headaches, rheumatic pains, loss of pep and energy, swelling up ankles, swelling, puffiness under the eyes, backache and dizziness. From quiet re-acting poisons with smarting and burning sensations, shows there is something wrong with your kidneys or bladder.

That's what you need for relief is Don's Kidney Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisons waste from your blood. Use Don's Pills.

COURT APPROVES  
\$42,790 DIVIDEND

Shares Made for Loan  
Company Payment

The United States Patent Office  
has approved the plan of the  
company to distribute a dividend  
of \$42,790 to its shareholders.  
The plan was approved by the  
court in a decision rendered  
last week. The dividend will  
be paid in the form of shares  
of the company's common stock.  
The plan provides that the  
dividend will be paid to the  
shareholders who are entitled  
to it on the basis of their  
ownership of shares of the  
company as of the date of the  
distribution. The plan also  
provides that the dividend will  
be paid to the shareholders who  
are entitled to it on the basis  
of their ownership of shares of  
the company as of the date of  
the distribution.

pendent of building and loan  
and treasurer of the company re-  
ported.

In a petition seeking an order  
for the distribution of the com-  
pany asked that 28 persons, rep-  
resenting 11 1/2 per cent of the  
shareholders, be paid the total  
face value of their shares on the  
grounds that otherwise the cost of  
handling would exceed the claims.  
Claims of each of the 28 are less  
than \$5 and amount to a total of  
only \$38.24.

The liquidation is a voluntary  
step inaugurated last month by  
officials of the 25-year-old com-  
pany. The first distribution will  
involve \$42,790, in which 309  
shareholders will receive divi-  
dends.

FARMER HURT IN FALL  
AT HOME NEAR CLIMAX

Floyd Pangborn, 35, suffered  
general body bruises and shock  
in a fall from a haymow at his  
farm home at the edge of Climax  
yesterday about 5 15 p. m.

Mr. Pangborn and several other  
men were putting up hay when  
he slipped while working in the  
mow and fell landing on a farm  
wagon. He was brought to City  
hospital for treatment. This morn-  
ing the hospital reported that  
examinations showed no bones  
were broken. His general condi-  
tion was reported to be fairly  
good.

SPEEDBOAT ENTHUSIASM  
WANES AFTER MISHAP

KENTON July 11—D and  
Mrs. H. R. Johnson and their  
two children are not so enthu-  
siastic about speedboats after a  
trying experience this week on  
the Blanchard river near Find-  
lay. The four were traveling at  
high speed with a licensed pilot  
when the propeller shaft broke  
and the vessel crashed to a stop  
so fast that the boat dived com-  
pletely under water. All four

were soaked and after being  
rescued, drove home in their wet  
clothes through the coolness of  
night. They were uninjured.

## Telephone Service Again Connects U.S. with Germany

By LOUIS P. LOCKNER  
Berlin AP Bureau Chief

BERLIN, July 11—(By trans-Atlantic Telephone) Direct telephone service between the United States and Berlin, available yesterday for the first time since September, made a voice in the Associated Press office in New York seem right here in the room with me.

We have had the feeling over here that we have been on an island—isolated from everyone and everything and hard put to get our news out through uncertain communications.

This new service may help relieve that feeling. At any rate, it is good to hear an American voice so plainly.

(Lockner, chief of the Berlin bureau of The Associated Press, talked with A. E. Wall of the New York cable staff.)

We have nothing much to complain about, now that we've adjusted ourselves to war conditions.

We have rather special privileges so far as food is concerned. As Americans, our food cards are more liberal than those of the Germans. We're getting excellent dairy products from Denmark.

There are no American business men here any more.

But the staffs of the American embassy at the consulate, overworked with all the additional tasks of handling the affairs of so many countries who have requested it, are growing all the time.

War conditions are severe, but bearable.

I get a big break in being able to use my automobile for urgent business. As long as I can prove I'm hurrying off to some news source on something important I'm all right.

But I'll bet my gasoline allowance would be cut off in a minute if it were proved that I merely sought a glass of beer.

## Marriage Meddlers

By ADELE GARRISON

**As Leslie Moves To Interrupt the Exchange, Lillian Bravely Challenges Him with Her Pistol**

I SHALL always feel a warm little pride—pardonable, I think—in the way Lillian and I reacted to the menace which we sensed in Jack Leslie's patent intention to leap into the road and expose the impersonation of Mary and Noel by Watson and Blake, of my father's force.

We had only a fraction of a second for action, but with a simultaneous movement we stepped from the underbrush, leveled our pistols at him, while Lillian spoke from the side of her mouth, prison fashion, in a tone that the sharpest of ears could not have recognized as a woman's.

"Not a word if you don't want the top of your head blown off!" she said. "And raise the fingers sky high, all of 'em!"

**A Timely Interruption**  
I think that in the history of the world there have been few more surprising men than was Jack Leslie to leap this ultimatum from the underbrush hiding place of what he had thought himself to be the sole tenant. But he is used to perils and emergencies, and he evidently recognized a pistol's ultimatum even if it were that of a small silence. But I was sure that if he could penetrate the disguise of our mud-grimed faces and our masculine overgarments and headgear, he would not have been so quiescent.

As it was, however, he checked himself in mid-speech, raised his hands and kept his mouth closed. But his eyes were fixed with intense attention on us, and I knew that the least faltering in our own watchfulness would mean his springing at us.

Keeping her pistol unflinchingly trained upon him, Lillian moved closer to me, and with the fingers of her left hand began to tap out a message in the Morse alphabet against my shoulder.

"Not once if you understand," she tapped over and over, until finally, even though the thick cloth of Jim's overcoat I was able to understand, and gave the nod she asked.

"Any word you don't get nod twice," she tapped, "but nod once at the end of every sentence if you're following me."

She stopped, and I dutifully nodded once, and she went on slowly, prodding her taps as deeply as possible into my shoulder.

One of us must watch him every minute," she tapped, "and
